HARP'S FIGHT WITH A BIG BLACK BEAR

HUNTER FOUND UNCONSCIOUS IN THE WOODS.

Aid Brought Through the Efforts of His Faithful Dog—The Victim of Bruin's Rage Liable to Die, from Injuries Received in the Struggle—Rescued by a Searching Party—Elk's Memorial Day—Personal and Other News from Monroe's Capital.

Special to The Scranton Tribune.

Stroudsburg, Nov. 22.—Inconspicuous and bleeding from seven lacerations, the body of Reuben Harp, a Wilkes-Barre hunter, was found near Stauffer's late last night. Near the man was found the remains of a huge bear of black color. A terrific struggle took place from the appearance of the man and beast, and if Harp lives to tell the story of the fight it will be due to his faithful dog, who saved him again and again, although he was hurt from his contest with the bear. Harp came to Stauffer's, a small village on the Wilkes-Barre and Eastern railroad, on Monday and started out for game with his dog on the same day. He did not return Monday night, and as nothing was heard from him on Tuesday residents of Stauffer's became alarmed. Chandler A. Oakes, esq., of Kingston, N. Y., and it is no surprise that to kill will cost and bears. Early last evening Harp's faithful dog, covered with blood and bearing every evidence of being in a bad fight, crawled into Stauffer's. The animal's appearance confirmed the worst fears of the villagers, and at the instance of Reuben Harp, a wealthy lumberman, a searching party of twenty men was organized. Armed with guns and lanterns they went in search of the missing hunter. Every likely place was visited and after the hour grew late the searchers resolved to try the country about the Stillwaters before giving up. In a dense thicket they found Harp.

The man was unconscious and appeared to be in a dying state. He was terribly lacerated and covered with blood. Close by him lay the body of an enormous black bear. A stretcher was made with clothing for a bed and Harp was carried to Stauffer's. Harp is in no condition to tell the thrilling story of his fight with bruin. Appearances show that he must have been first wounded the bear, who showed fight. A struggle then took place, in which the dog must have taken part.

PROSPECTIVE HEIR TO \$25,000,000.

A prospective heir to twenty-five millions of dollars' such fabulous wealth in store would appear to be enough to urge the mental equities of anybody. John W. Case, of East Stroudsburg, a tannery workman, who labors hard every day for the sustenance of himself and family, is one of the supposed heirs to these millions, and yet he toils on, unafflicted by the sudden news of good fortune and his probable future transition from poverty to great riches. This great fortune of \$25,000,000 is comprised in property in the heart of the city of Cleveland, Ohio, claimed to belong to the heirs of Leonard Case, Jr., a long-dead great uncle of John W. Case, of East Stroudsburg. This claim is contested.

A reporter interviewed John W. Case and he modestly told what he knew about the matter. Leonard Case, with three brothers, came to this country over one hundred years ago. The three brothers settled in Hunterdon and Warren counties, N. J., and reared large families. Leonard worked his way to Ohio where he entered the draying business and soon grew wealthy. He purchased large tracts of land, and upon his death Leonard Case, Jr., his son, inherited the fortune. The latter died about twenty years ago intestate. At that time the property was worth from fifteen to twenty million dollars. Included in the estate is the Case School of Applied Science, valued at \$2,000,000.

The Case heirs in New Jersey, of whom John Storer is the oldest, being born and raised in Warren county, learned of the death of Leonard Case, but up to the present time they have failed to establish their right to the property in dispute. A coachman employed by Leonard Case, Jr., before his death made his appearance in Hazleton the other day and related the story to one of the heirs, and also gave valuable information to prove their kinship. The old family Bible of the Case family was unearthed a few days ago near Cleveland.

ELK'S MEMORIAL.

The Elk's Memorial day, which annually comes on the first Sunday in December, will be observed this year in the Court house by the East Stroudsburg lodge, 519. The service, always beautiful and impressive, will be more interesting than usual, and the court room will accommodate a much larger number of the throng always anxious to witness the exercises. Admission will be by ticket. A committee, of which H. S. Paterburgh, ex-mayor of East Stroudsburg, is a member, is now busy making arrangements and preparing the programme. The trial of George Seiple, charged with embezzlement by the East Stroudsburg National bank, will begin in the next United States court at Philadelphia, next Monday. Chandler A. Oakes, esq., of Kingston, N. Y., a former Presbyterian pastor here, who is counsel for Seiple, has been in town for the past few days. He refuses to say what manner of defense will be made. Mr. Oakes has associated with him in the case A. H. Van Buren, esq., of New York, and L. H. Ineson, of Philadelphia. The case has attracted considerable interest as Seiple is well known here.

DEATH OF MRS. ANDREWS.
